Welcome to the fifth issue of the Frontline Scoop!

The month of February brought a brand-new truck to the district, this also means donating the out of service ambulance to Bernie FD to help them provide service the members of the Bernie community for all their fire needs.

Feb. Staff Meeting

Every month, a meeting is held in the training room to discuss old and new business, an open forum meeting to address achievements and areas of opportunity for improvement.

At every meeting, the district attempts to have a form of training. This month, Registered Nurse Haley Fox taught some ASL (American Sign Language) that may be used to help us communicate with members of the Deaf Community. Having diverse patient populations, it is important to learn new ways to communicate with patients and families.
